Species and scientific name	Number	Identification marks Leg-ring no.

II. Origin

Name and address of premises of origin: _____

Name and address of exporter: _____

III. Destination

Name and address of consignee: _____

IV. Health Information:

I, the undersigned full-time salaried Official Veterinarian, hereby certify that the said birds:

- Are identified by closed leg- ring.
- Were born and reared in the territory of the exporting country, or* have been resident in the exporting country for at least 45 days immediately prior to exportation.
- were kept for at least the recent 45 days prior to shipment to Israel in a country/zone/compartiment (*) of origin free from Notifiable Avian Influenza (NAI) as defined in the Terrestrial Animal Health Code of the OIE.
- Were kept for at least the recent 45 days prior to shipment to Israel in an area which in a radius of 10 km has been free from Newcastle disease.
- were kept in premises which have been free from Avian Influenza, Newcastle Disease and other Paramyxoviruses, Pullorum-Gallinarum Disease, Ornithosis-Psittacosis, Pox, and Pacheco Disease (for psittacine only) during at least the recent 45 days. No birds were introduced into the premises during this period.
- *were fed with chlortetracycline, 2.5 gms per kg of feed, for the 45 days before shipment to Israel between (date)_____ and (date)_____, or were given drinking water with chlortetracycline or doxycycline, 0.25 gms per liter of water, for the 45 days before shipment to Israel between (date)_____ and (date)_____, or were injected with at least 6 doses of Doxycycline (Vibramycin) at the rate of not less than 75 mg per kg live-weight, once every 5 days, between (date)_____ and (date)_____ (paragraph f may be deleted for passerine birds)
- Have not been vaccinated against paramyxoviruses and all types of avian influenza.
- Were examined by me within 48 hours prior to shipment and were found healthy and free from clinical signs or symptoms of infectious or contagious diseases.
- Were caged in new, clean containers in compliance with international and IATA standards.
